

ROHIT KUMAR

MOBILE APPLICATION DEVELOPER • REACT NATIVE DEVELOPER

Noida, India | +91 9631128492 | kumarrohit35511@gmail.com

Portfolio | LinkedIn | Github

PROFESSIONAL SUMMARY

Results-driven React Native Mobile Developer with 1.9 years of professional experience, engineering scalable high-performance **cross-platform applications for iOS and Android**. Expert in integrating secure **JWT authentication, Razorpay payment gateways, Google OAuth, real-time chat, and push notifications (FCM/APNs)**. Proficient in end-to-end **app deployment, OTA updates** via Expo/EAS, and building clean, component-based architectures to optimize application performance and deliver seamless user experiences.

TECHNICAL SKILLS

Mobile Development: React Native (CLI & Expo), Cross-Platform iOS & Android Development, Expo Go, OTA Updates (Expo/EAS), App Deployment.

Languages: JavaScript (ES6+), TypeScript

Frameworks & Libraries: React Native, React.js, Angular, Ionic

State & Navigation: Redux, Redux Toolkit, React Navigation, Deep Linking, Context API

APIs & Storage: REST APIs, Axios, Fetch API, SQLite, AsyncStorage, Secure Storage, Firebase Firestore

Authentication & Integrations: JWT Authentication, Google OAuth, Razorpay Payment Integration, Push Notifications (FCM/APNs), Real-Time Chat, WebRTC, SignalR

Tools & Platforms: Git, GitHub, Postman, Android Studio, Xcode, Firebase, EAS CLI

PROFESSIONAL EXPERIENCE

Macreel Infosoft Pvt. Ltd.

Feb 2025 – Present

Mobile Application Developer (React Native & Mobile) — Noida, UP, India

- Engineered scalable cross-platform React Native applications for iOS & Android with clean architecture, reusable components, Redux Toolkit, React Navigation, and deep linking to deliver seamless production-grade user experiences.
- Implemented secure JWT Authentication, Google OAuth, Razorpay Payment Integration, Real-Time Chat Features, Push Notifications (FCM/APNs), and secure REST API integration across multiple live mobile applications.
- Managed end-to-end mobile app lifecycle including App Deployment, OTA updates (Expo/EAS), Firebase integration, CI/CD workflows, performance optimization, and production release management for enterprise and government-based applications.

KEY PROJECTS

Turning Brain – EdTech Learning Platform

React Native, Razorpay, FCM, Redux

- Developed a scalable EdTech mobile platform with **5K+ downloads**, featuring Razorpay payment integration, subscription management, push notifications, quizzes, and interactive learning modules for enhanced student engagement.
- Built optimized cross-platform mobile experiences using React Native, REST APIs, Redux Toolkit, and reusable component architecture for seamless performance across Android & iOS.

Vakil Uncle Business – Advocate & Client Management Platform

React Native, OAuth, Call, Chat, Payments

- Engineered a business-focused legal services application featuring real-time chat, in-app calling features, Google OAuth authentication, Razorpay payment integration, and secure API-based workflows for advocates and clients.
- Designed and architected scalable multi-role modules for managing advocate-client operations, appointments, communication, and business data with clean architecture and production-ready mobile workflows.

EDUCATION

Bachelor of Computer Applications (BCA) – Computer Science

2022 – Expected 2027

Babasaheb Bhimrao Ambedkar Bihar University
